

A Message to the Fellowship

Tradition One

Our Common Welfare Should Come First, Personal Recovery Depends on AA Unity

These are unexpected times and we take the health & welfare of the groups seriously. This has not been an easy decision although, we must, in good social consciousness, follow the guidelines recommended by the CDC and the White House.

Stepping Stones will be temporarily closing effective 10pm tonight.

This being said, you can stay connected by contacting SCV AA Central Office 661-250-9922 and we strongly encourage those available, to volunteer and man the phone lines. Members may reach out to those on existing phone lists from your meetings as well as start online meetings, join existing online meetings and continue to connect on "Friends of Stepping Stones " Facebook page. Message us on our Stepping Stones Alano Club webpage. You may also contact us at steppingstonesalanoclub@gmail.com

Last but not least, Be Kind and remember there was a time when meetings were few and far between and AA grew strong. **Now** is the time to show the community and the world how amazing the principles of AA truly are for us.

WE ARE AA STRONG!
